

Student Learning Objectives Elements

The following core elements help *students* reach *expectations* for *standards* using a *toolbox* over an *instructional interval* demonstrating *evidence of growth*

Helping

Students

Identifies and describes target group based on historical and current data.

using a

Toolbox

Describes how key evidence-based strategies, identified resources, and targeted professional learning will be used to reach the expectations.

over an

Instructional Interval

Articulates the length of time required to learn the standards with respect to depth and complexity.

reach

Expectations

Quantifies intended learning that demonstrates high growth from the beginning to the end of the interval.

for

Standards

Selects pivotal standards from Maryland's College and Career-Ready Standards.

demonstrating

Evidence of Growth

Provides opportunities for all students to demonstrate learning for the identified standards and includes success criteria aligned to those standards.
